Sports Clubs will always be on during the summer term, even if the weather changes. Staff will take the pupils inside if it is not safe outside and supervise them in a hall or classroom with a suitable activity. If this occurs, pupils may use their personal phones to communicate with home and ask if they can go home earlier. However, the member of staff in charge of the club would need to see evidence of consent by the parent/guardian otherwise pupils will remain in school until the club's usual finish time.

If a member of staff is unable to attend a club, either it will be covered by someone else or a ParentMail will be sent home, with at least two days' notice and the pupils made aware of the cancellation through a notice.

Please ensure your child is collected promptly from the front of the school.

HOMEWORK HELP

The library is open after school Monday-Thursday (between 3.05-4.00 p.m.) for pupils to do their homework, with the support of the library's resources and Mrs Jensen.

- Pupils must sign in, and can sign themselves out when they have finished their work.
- School rules apply, including on the use of mobile phones.
- If pupils are noisy, disruptive, or come without any work to do, they may be asked to leave or given a written warning.
