

Open Evening

This year due to the current Covid restrictions we will not be able to offer an Open Evening visit to our school. We are really disappointed as it is usually a lively evening which provides you with the opportunity to meet staff and pupils, to get a feel for the school, to ask questions and to see what Allenbourn is all about.

As we take Covid safety very seriously, and in line with current guidance, we are also unable to provide tours this year. However, we have looked at alternative ways for you and your child to find out about our school and to have a peek into what life at Allenbourn is like. To this end, we will be providing online opportunities and information aimed at providing all the information that you will need to support you in making the decision about your child's next step in their education.

On Wednesday 21st October, we will run a YouTube Premiere video at 6:30pm. This will include all of the information you would normally receive in person. On that day, this web page will be updated with a selection of videos that reflect the breadth of amazing experiences available at our school.

Additionally, after half term, we will run a series of group video calls so you can speak directly with staff in school. We will post a link here to a booking form where you can express interest in taking part.

Finally, in exceptional circumstances, we recognise that it may be necessary to have a one-to-one conversation with a member of staff. If this something that you think you need, please contact the office via email: office@allenbourn.dorset.sch.uk.

In order to help us prioritise the most important needs please make clear in your communication why you need an individual response.
